PROFESSIONAL EXPERIENCE

Cipher Craft Pvt Ltd, Rajkot, Gujarat

Property Management Site

- Developed and contributed to various modules of a property management app, including a comprehensive task management module, Chat module.
- Implemented task status changes, task assignment, pinning, prioritization, adding comments, checklists, and attachments within the task module for streamlined task management.
- Built a data storage module that utilizes IndexedDB to store and retrieve data in real-time without the need for API calls, enhancing offline capabilities.
- Integrated WebSocket functionality to update IndexedDB in real-time, enabling real-time collaboration features such as chat and call modules.
- Designed and optimized the user interface for efficient task handling and real-time communication.
- Used Redux for global state management across the application.
- Integrated third-party libraries for enhanced functionality and user experience.
- Used GitLab for version control.
- Leveraged basic knowledge of Shopify Hydrogen, ReactJS, Jquery, Graphql.

Programming Languages: HTML, CSS, JavaScript, Jquey
Frameworks: ReactJS,
Libraries : Redux.

Hopiant Pvt Ltd, Junagadh, Gujarat

Ecommerce Site
- Developed an eCommerce platform focused on home and office organization products and services using Shopify Hydrogen.
- Integrated product catalog, Blog Page, Testimonial Page to enhance user experience.
- Designed and integrated additional pages such as Home, Contact Us, and About Us into the project.
- Utilized Shopify Hydrogen to build dynamic and performant pages for fast-loading user interfaces.
- Used GitHub for version control.
- Leveraged basic knowledge of Shopify Hydrogen, ReactJS, Jquery, Graphql.

Programming Languages: HTML, CSS, JavaScript
Frameworks/Libraries: ReactJS, Shopify Hydrogen

ACADEMIC CREDENTIALS

2020–2023   Bachelor of Engineering in Computer Science Engineering – Gujarat Technical University.
2017–2020   Diploma in Computer Engineering – Gujarat Technical University.

PROJECTS

QR code generator
- Developed a QR Code generator to create a QR code of any url
- change the color of QR code
- easily download the QR code.

Programming Languages: HTML, CSS, JavaScript
Frameworks/Libraries: ReactJs., qrcode.react

Sky-cast
- Sky-cast is a weather Application.
- search any city and see the details of the weather.
- Get the current location and show the weather details.

Programming Languages: HTML, CSS, JavaScript
Frameworks/Libraries: ReactJs

Game Store
- Game Store Is Develop for find Popular games.
- Filter games category wise and show the Game Details.
- list View and grid view develop to enhance user experience.

Programming Languages: HTML, CSS, JavaScript
Frameworks/Libraries: ReactJs, Redux

SnapAnnotate PDF

- Developed a PDF annotation module with drag-and-drop functionality, allowing users to add rectangles and labels, with support for undo, redo, and delete actions.
- Implemented a feature that saves the PDF with precise coordinates for backend processing, enabling server-side updates to the PDF.

Programming Languages: HTML, CSS, JavaScript
Frameworks/Libraries: ReactJs.
